# BABY showers

*Congratulations on your bundle of joy!*

One great thing about being an expectant mother is knowing that friends and family are excited to throw you a baby shower to welcome the addition to your family. Your baby shower should not only include the best of friends and the closest relatives, but also a great menu and an elegant but relaxed atmosphere.

Like you, we want your experience to be perfect - which is why our event coordinator will put together your event beautifully and professionally. Our chef will work with you to make your shower one to remember, using seasonal ingredients that turn into a delicious experience.

On behalf of the staff at the Peter Allen Inn & Event Center, we congratulate you on your bundle of joy and thank you for considering our premiere countryside facility for your special event.

*We look forward to meeting you!*
